### Cable Management System

Hiding unsightly cables adds to the sleek look

### Clickstand™

For easy cable access

### Lateral Shift

To get your TV in just the right place

### SteadySet™

No drifting or unwanted movement

# Why Mount your TV?

## Performance

Get the most out of your flat-panel TV by positioning it at eye-level for optimal performance.

## Space & Style

Mounting your TV on the wall and out of the way emphasises its sleek, thin design.

## Safety

Protect your family and pets from TV tip-over accidents.

ON PAGE 13

# How Do I Pick a TV Mount?

There are **three main types of TV mounts**, each with different benefits. Learn which type is best for your unique situation.

## Full-motion mounts

extend, retract, tilt and swivel to bring the best viewing angle to every seat in the room. Great for any place in the room, including in a corner.

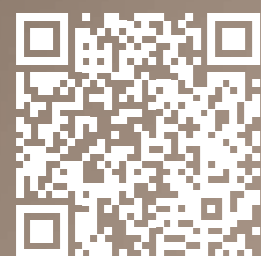

## Tilting mounts

tilt up and down to reduce glare or reflections from lights and windows. Ideal when mounting a screen above eye level.

## Fixed-position mounts

stay in one spot and position TVs almost flush with the wall. If you plan on mounting your TV at seated eye level, a fixed mount may be the best solution for you.

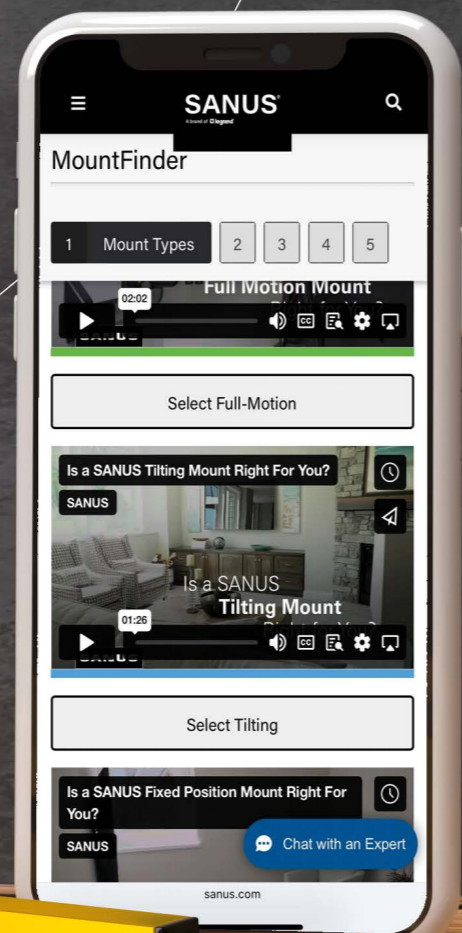

# Which Mount is Best for My TV?

## mountfinder.sanus.com

1. Choose your TV brand
  2. Pick your TV size
  3. Select your model number
- ...and that's it!

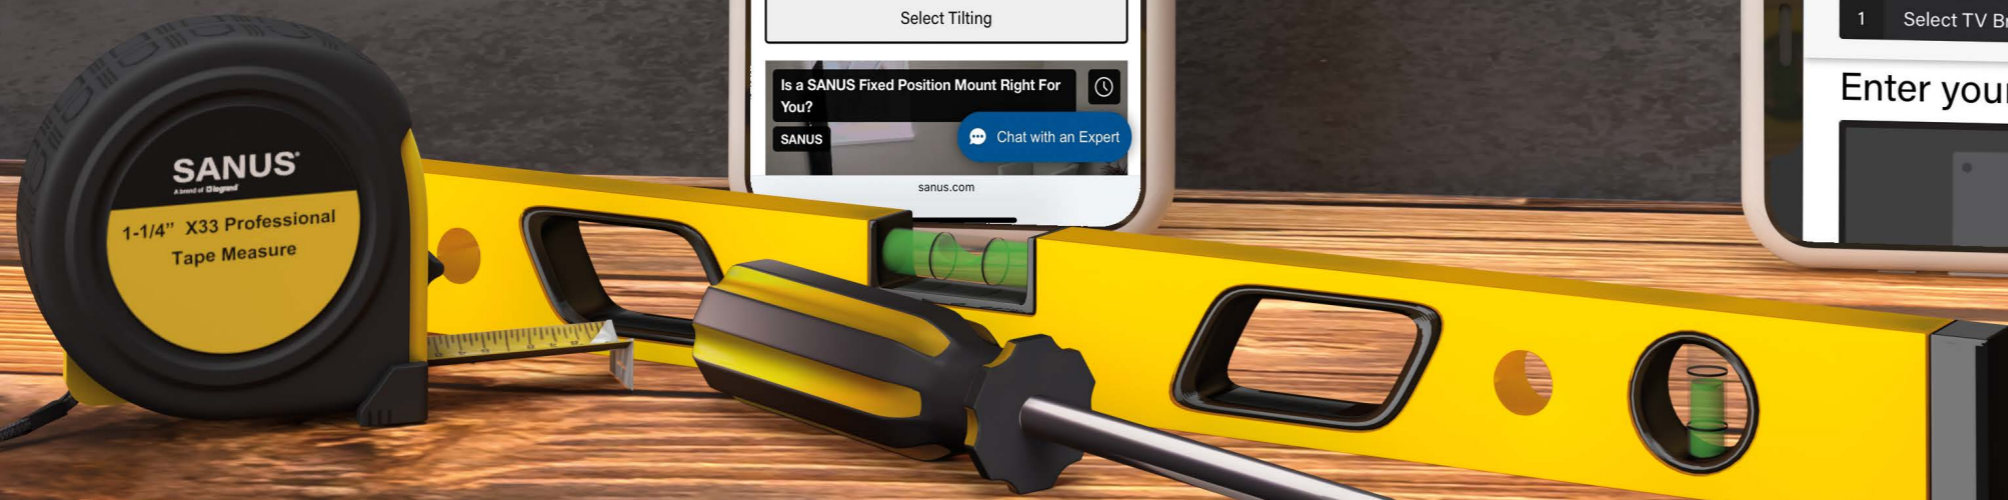

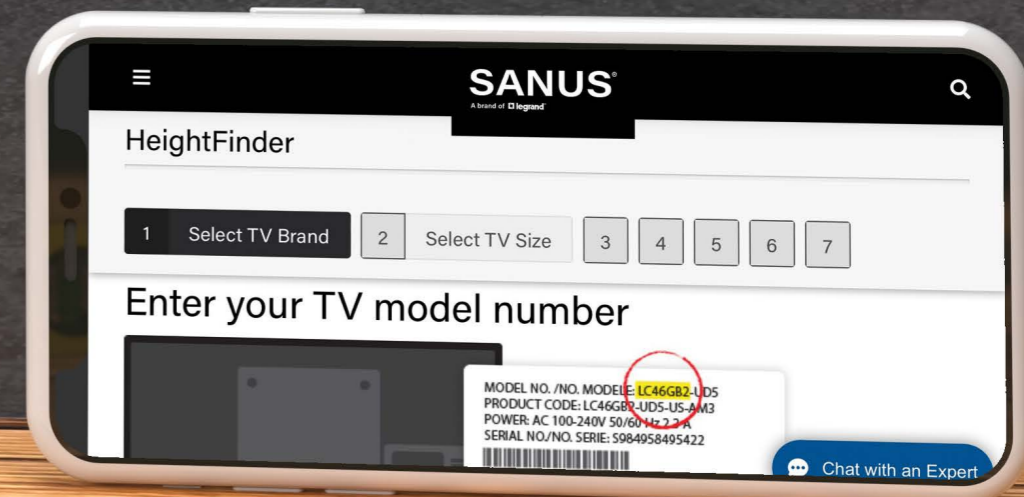

Once you've chosen a mount type, use our MountFinder tool to determine which mounts are compatible with your TV brand. From a 23" LG to a 90" Sony® or a 140" TCL, SANUS is sure to have a mount that fits. Using the MountFinder is a great way to ensure compatibility with your TV now, and avoid surprises later.

# How High Should I Mount My TV?

## heightfinder.sanus.com

1. Choose your TV brand
  2. Pick your TV size
  3. Select your model number
  4. Select your mount
  5. Select your mounting pattern
  6. Select the height
- ...and that's it!

# Out of the Box Experience

## What you need, when you need it

Nobody wants to unpack a product and have to arrange everything on limited floor space before they can even get started with their installation, right? We certainly don't!

## Easy instructions

Your product comes with a simple instruction manual that ensures the install process is clear and easy to follow. Plus, the handy wall template takes the guess work out of where exactly to drill the holes in the wall.

## Clutter free

All SANUS products are cleverly packaged so that you only see the parts and hardware you need, as and when you need them during the installation.

## Everything you need

To ensure compatibility with all major TV brands and wall types, we include comprehensive hardware packages: a variety of screws, bolts, spacers and wall fixings are provided.

# Mounting your TV is easy

## 1-2-3 fast and easy installation

We get it, the idea of drilling holes in your wall can be intimidating, but with our 3 step install process, it's really an easy DIY project.

## Attach Bracket to Your TV

Choose bolts that fit your TV. All hardware included.

## Attach Wall Plate to the Wall

Our HeightFinder tool can help you to find the perfect height for your TV. Plus, use our handy SANUS wall template to define the drilling holes.

## Hang the TV to the Wall Plate

This is the easiest step. Lift up your TV and click it into place. Thanks to the audible ClickFit™ technology you know the TV is secure.

# Finish the Look

## Clean and Stylish

We also make it easy to keep the space around your TV looking clean and stylish. All of our accessories are equally as simple to install as the TV mount itself, and will really pull the look together.

### Soundbar Mounts

Achieve a sleek, modern look for your home entertainment system utilising our wide range of Soundbar Mounts

### Cable Management

Ideal for hiding wires and cables, finish your home AV project like a pro

### In-wall

Provides the optimal viewing experience with an industrial design, including storage for streaming devices and more

# Why SHIFT™?

## Introducing SHIFT™ Technology

Fine tune your TV's height up or down after installation to get your TV exactly where you want it.

### 1. Do you want to install a soundbar below your TV but there's no enough space?

No worries! Simply adjust your TV to a higher position to allow room to add a soundbar below your TV

### 2. Looking to add seasonal décor and now it's blocking your TV?

No worries! Easily raise your TV up to clear obstructions and you can lower it back down again later

### 3. An obstruction blocking you from where you want to install your TV?

No worries! Install the wall plate where you can then simply adjust your TV height where you want it

Premium full-motion mounts

# Advanced Full-Motion Premium TV Mounts

Over the past decade, flat-panel TVs have become slimmer and lighter, but TV mounts have largely remained the same. With the introduction of the SANUS Advanced Full-Motion 4D® + SHIFT™ Premium TV Mounts, that has changed. The first of their kind, these new TV mounts unite high-end performance with high-end design. The result is a next-generation mount that thoughtfully incorporates the TV into the home in a way that is both functionally and aesthetically modern.

VMF822-B2  
SEE FULL SPECS  
ON PAGE 15

The choice is all yours ↓

- Articulates and swivels to the perfect angle
- Provides the greatest positioning flexibility
- Great for a corner mounted TV

Our Advanced Full-Motion Wall Mounts feature now the latest cutting-edge innovation from Sanus, to bring the TV viewing experience to new heights – literally! You can now adjust the height of the TV, post-installation. We call this technology 4D® + SHIFT™ as it adds to the already considerable extension, swivel, and tilt options on the Full-Motion mounts.

\* The amount of swivel depends on the TV size.

Premium tilting mounts

# Tilting Wall Mounts

## Premium TV Mounts

Tilting mounts tilt up and down to reduce glare or reflections from lights and windows. They are ideal when mounting a screen above eye level, or in multi-functional rooms such as a play or exercise room.

These intuitive mounts offer a slim and attractive solution to displaying your TV, while giving you the benefit of achieving an optimum viewing angle with ease.

**UP TO 140 INCH**  
VXT7-B2 SEE FULL SPECS  
ON PAGE 17

Right angle,  
no glare ↓

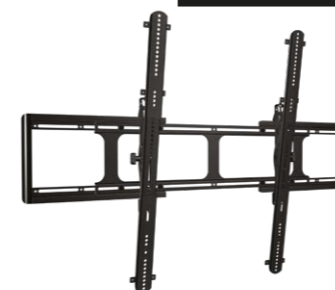

Tilts to improve viewing angle

Reduces glare from windows and lights

Perfect for mounting above a fireplace

Enjoy the quality of your TV screen as intended - free from glare and with perfect colour quality. Tip: tilting mounts also provide easier access to cables. This makes cable management much easier and means that you don't need to remove the TV from the wall to change out accessories.

TV WALL MOUNTS

Premium fixed mounts

# Fixed Position Premium TV Mounts

Fixed position mounts are the ideal solution if you only need one viewing angle and can mount your TV at seated eye-level.

These mounts can provide a super-slim, low profile look. Placing modern flat screens almost flush to the wall, your TV can become a stylish addition to the room.

Stylish, slim and safe ↓

↔ Positions the TV almost flush with the wall

£ The most budget friendly mounting option

Has the fastest install process

As well as being an attractive and modern solution, fixed mounts are sturdy, stable and secure. Fixing your TV to the wall removes the risk of TV tip-over accidents.

Premium swiveling tv stands

# High Performance TV Stands

These TV bases work on all surfaces, and are a substantial improvement over the stands that are traditionally included with TVs.

Stable, stylish alternative ↓

Stable footprint, for stability on narrow furniture

Universal fit, great as a replacement base

Swivel your TV for the best view from any seat

The SANUS Swivel TV Base is a table-top TV base that works on all surfaces, and is a substantial improvement over the stands that are traditionally included with TVs. By providing swivel left to right, the Swivel TV Base dramatically improves viewing range by allowing you to point the TV to where you are seated. The stable footprint is optimal for TV stability for furniture with shallow depth, and the adjustable height provides a sleek look for the perfect set up. Cable management included.

## ACCESSORIES

### Universal audio category accessories

#### UNIVERSAL SOUNDBAR MOUNT

Depth  
Adjustable

#### MODEL SASB1

TV SIZE  
32 - 90 INCH

WEIGHT CAPACITY  
9.07 KG [20 LBS]

DEPTH ADJUST FROM TV  
0 - 3.3 INCH [0 - 8.3 CM]

Easy to assemble with all hardware included and no additional wall drilling required, these mounts can be positioned flush with the bottom of the TV for a clean and stylish set up. Height adjustability also allows space for up-firing speakers.

#### UNIVERSAL SOUNDBAR MOUNT

#### MODEL SA405

TV SIZE  
UNIVERSAL

WEIGHT CAPACITY  
6.8 KG [15 LBS]

Compatible with most TV wall mounts and many soundbars. The height adjustment ensures an ideal fit between your speaker and the bottom of your TV for a clean, streamlined look. Perfect for use with a full-motion mount - sit back and enjoy the sound as it moves with your TV.

#### UNIVERSAL FIXED SPEAKER STANDS

NEW

#### MODEL BSSU2

PRODUCT HEIGHT  
34.40 INCH [87.40 CM]

WEIGHT CAPACITY  
4.5 KG [10 LB]

These SANUS Universal Speaker Stands work with Sony®, Denon®, Samsung®, Sonos Era 100™, Roku®, and others. Constructed of durable steel that not only resists wear but also perfectly complements the aesthetics of various speakers for a sleek, seamless look, these stands offer the optimal listening height and cable management. Sold in pairs.

#### HEIGHT ADJUSTABLE SPEAKER STAND

#### MODEL HTB3

HEIGHT ADJUST  
26 - 39 INCH [66 - 99 CM]

WEIGHT CAPACITY  
1.81 KG [4 LB]

The Universal Adjustable Height speaker stand fits most small speakers and offers 33 cm [13"] of tool-free height adjustment allowing to easily position the speaker at optimal listening height. It includes a top plate, "L" brackets and a QuickMount™ adapter for speakers with keyholes on back to ensure broad speaker compatibility.

#### UNIVERSAL SPEAKER WALL MOUNTS

NEW

#### MODEL WSWMU2

SWIVEL  
180°

TILT  
-27° / +9°

WEIGHT CAPACITY  
UP TO 4.5 KG [10 LB]

This sleek mounting solution works with most wireless speakers, including SONY SRS-ZR5, Denon HEOS 1, Denon HEOS 3, Denon Home 150, Yamaha MusicCast WX-010, Yamaha MusicCast WX-030, Yamaha MusicCast 20, Klipsch RW-1, RIVA ARENA and others mounted via a 1/4"-20 threaded. They tilt and swivel to create an ideal immersive listening experience and provide a clean look. Sold in pairs.

## Universal audio category accessories

### SATELLITE SPEAKER WALL MOUNTS

MODEL **WMS3B / WMS3W**

PRODUCT HEIGHT  
3.18 INCH [8.3 CM]

WEIGHT CAPACITY  
3.63 KG [8 LB]

The SANUS Speaker Mounts can tilt and swivel. They are weather-resistant for indoor or outdoor use. They include single and double-hole brackets, an extension for ceiling use, and decorative nylon caps to hide adjustment mechanisms. Available in black and white. Sold in pairs.

### UNIVERSAL EXTENDABLE SOUNDBAR WALL MOUNT

MODEL **WSBWM1**

EXTENSION ADJUST  
1.82 - 5.65 INCH [4.63 - 14.35 CM]

WEIGHT CAPACITY  
9.07 KG [20 LB]

NEW

This mount is designed to optimize audio performance for Dolby Atmos soundbars with a maximum depth of 14.35 cm [5.65"], and it can be easily mounted to drywall, wood studs, or concrete giving you the flexibility to center below your TV. Its slim profile creates a seamless, floating look on the wall.

## Other AV accessories

### ANTI TIP TV STRAP

MODEL **ELM701**

TV SIZE SUPPORT  
MAX. 70 INCH [178 CM]

This anti-tip strap connects to TV, furniture and wall to reduce the risk of TVs or furniture accidentally tipping, creating a safe environment in any room. The ELM701 offers a secure connection that provides additional safety and durability.

### STREAMING DEVICE PANEL FOR MOST SMALL DEVICES

MODEL **SASP1**

WEIGHT CAPACITY  
1.36 KG [3 LBS]

SIZE  
H15.57 X W21.31 CM

The SASP1 Streaming Device Panel securely hides small AV streaming devices and TV accessories behind your TV. Designed to hold most small devices, it easily attaches to your TV mount or directly to your TV. Mounting hardware and straps are included to ensure a secure installation.

### UNIVERSAL TV MOUNTING HARDWARE PACK

MODEL **VHWTV-C**

INCLUDING  
M4, M5, M6, AND M8 TV SCREWS AND SPACERS

NEW

The SANUS Universal TV Mounting Hardware Pack includes all the hardware you need to virtually mount any TV up to 90". The complete 88-piece kit lets you select the hardware that is compatible with your TV, including M4, M5, M6, and M8 TV screws and spacers.

## Premium specialty / projector mounts

### TILT AND SWIVEL CEILING TV MOUNT

MODEL **LC1A**

TV SIZE  
30 - 70 INCH / UNIVERSAL

WEIGHT CAPACITY  
79 KG [175 LBS]

This mount is a great choice for space-saving when wall mounting isn't an option. Tilts and swivels to give the best viewing angles, with the cable management and easy install to match. Includes wood joist or solid surface ceiling adapters and two pipe lengths for multiple configurations.

### PREMIUM PROJECTOR MOUNT

MODEL **VP1**

WEIGHT CAPACITY  
15.9 KG [35 LBS]

INCLUDES EXTENSION PIPE  
2.5 AND 7 INCH

The VP1 features integrated cable management for a clean look, and post-installation micro adjustments allow easy projector registration. The VP1 has a release lever that allows projectors to easily connect/disconnect from the mount while maintaining preset adjustments.

### PROJECTOR MOUNT

MODEL **VMPR1**

WEIGHT CAPACITY  
22.7 KG [50 LBS]

INCLUDES EXTENSION PIPE  
7 INCH

This is a tilt and swivel ceiling mount for projectors. Independent roll, yaw and pitch adjustment settings make set up and alignment easy, and a quick-release mechanism allows servicing of filters and bulbs without refocusing or realigning.

### TEMPERED GLASS ON-WALL AV COMPONENT SHELVES

MODEL **VMA401 / VF3012**

SIZE  
H38.6 X W45.7 X 40.6 CM  
H16.6 X W45.7 X 36.8 CM

WEIGHT CAPACITY  
13 KG / 6.8 KG

Mounts directly under wall-mounted TVs for a sleek, streamlined look. Center column vertically adjusts for perfect alignment under a wall-mounted TV, even after installation. Features an integrated cable-management channel. Thick tempered-glass shelves support up to 6.8 kg.

ACCESSORIES
