- Suppressed voltage rating: L-N 400V L-G 500V N-G 500V

Warranty

Your Sanus ELM203 has a five year product warranty against manufacturer's defects. If you have any questions or experience any problems with your Sanus Elements product, please contact Sanus Systems Customer Service at 1-800-359-5520.

Both the "Ground" and "Surge" LED lights illuminate to indicate that the surge protector is working. If either light fails to illuminate, replace the surge protector.

WARNINGS

Avoid potential injuries! Do not disassemble the surge protector. Disassembling the surge protector will void the warranty and may cause serious personal injury.

Avoid potential damage to your electrical components! Disconnect the surge protector during lightning storms. Not for use near water or in areas with high moisture.

CAUTIONS

To reduce the risk of electric shock, use indoors only.

Use only in dry locations.

Not for use with ground-fault circuit-interrupter receptacles or receptacles with indicator lights or controls.

To reduce the risk of fire or electric shock, do not use this device with a receptacle in which the slot openings do not align with the blades.

Do not install this device if there is not at least 10 meters (30 feet) or more of wire between the electrical outlet and the electrical service panel.
