

# NEW SANUS® ELEMENTS™

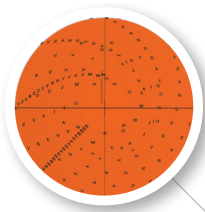

## EZ Bracket

MODEL ELMEZIC2

MODEL ELMEZIC12

### Universal install tool simplifies speaker installations

New to the SANUS accessories collection, the EZ Bracket tool makes speaker installations quick and easy. Featuring a universal template, the EZ Bracket works with all popular speaker brands, enabling installers to transport just one template from job to job. A specially designed corrugated frame allows the bracket to attach directly to ceiling joists, and a sturdy pre-printed ruler ensures perfect alignment with studs and installed can lights. The bracket comes with a moisture-resistant metal ring that will prevent cut through from a RotoZip® tool.

Universal template fits all popular brands of speakers

Corrugated frame attaches directly to ceiling joists for easy installation

**¡ATENCIÓN!**
